

## TCM Forklift Part

TCM Forklift Parts - In the international business of material handling, forklifts play a major part for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in America, forklifts gained recognition following WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread internationally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first forklift. Over the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation with the trade. TCM started building forklift manufacturing sites outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes numerous models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
